

**COVID-19 hasn't
gone away!**

**There's a safe and
effective way to protect
yourself and others:**

VACCINATION!

*Who is most
at risk?*

COVID-19 can cause severe complications for people over 60, pregnant women and people with certain underlying health conditions.

*Now discover
the benefits of
vaccination!*

**Vaccination is the best way to
prevent severe disease.**

**People who are vaccinated are less
likely to experience severe disease, or
need to go into hospital.**

***So don't wait — book your
COVID-19 vaccination!***
